

# Pickleball Kelowna Club

## Mission Statement

Pickleball Kelowna Club's mission is to lead in the growth and development of pickleball in Kelowna by focusing on the following three areas:

### **1) RECREATION**

Increase participation, develop sportsmanship and foster an inclusive community of pickleball players by organizing scheduled play for all skill levels, introducing pickleball to new players and provide ongoing lessons to club members.

### **2) COMPETITION**

Scheduled performance based league play allows players to improve their skills in a competitive environment.

Pickleball Kelowna provides a Pickleball Canada sanctioned tournament on the third weekend of July each year, attracting players from all over and providing local players the opportunity to participate as players, referees and volunteers.

### **3) ADVOCACY**

The immediate focus and the ultimate goal of the Pickleball Kelowna Club is to work closely with the City of Kelowna to develop a new pickleball facility. Our vision is to build the best pickleball facility possible, for both indoor and outdoor play.
